

New Zealand Ministry of Foreign Affairs

- Gym 3, Faleata Sports Complex, Apia

January 2014 – April 2014

In late 2013 we were delighted to win an international tender to design, supply and install a 240 kWp grid-connected solar power system for the New Zealand Ministry of Foreign Affairs and Trade (MFAT) in Samoa.

The key features of the system are set out below –

System Components:

- 960 x Trina 250W Solar Modules
- 12 x SMA STP17000-TL inverters
- 1 x ETEL 300kVA Transformer

The installation took place over 3 months and has been visited by New Zealand's Prime Minister John Key, the Director General of the International Renewable Energy Agency Adnan Amin, the European Commissioner for Development Andris Piebalgs, New Zealand's Minister of Foreign Affairs Murray McCully and David Shearer, among others.
