

# Bellman® Audio

## Tie-Clip Microphone BE9127

## For meetings and easy-to-setup TV listening

Portable and light weight tie-clip microphone

The Bellman® Audio Tie-Clip Microphone can be used as a remote microphone during meetings and conferences for improved signal to noise ratio.

The Bellman® Audio Tie-Clip Microphone can also be used as an easy-to-setup TV listening solution in mono. Simply attach the microphone close to the TV's loudspeaker with the included "magic tape" sticker.
