

Jumbo Alarm Clock & Shaker

Order part # WNS1

Using the Jumbo Alarm Clock and Shaker

As a stand-alone alarm clock, the Jumbo Alarm Clock and Shaker provides a loud ringer, flashing strobe light and a vibrating shaker when the alarm is activated.

Connecting to a Phone

You can connect the Jumbo Alarm Clock and Shaker to your existing phone so that you can clearly hear and see any incoming calls. Once connected the alarm clock provides a loud ringer and flashing strobe when activated by an incoming call and/or an alarm alert. The vibrating shaker rests under your pillow and its powerful shaking action wakes even the deepest sleeper when activated by a call or the alarm.

The Oricom jumbo alarm clock and shaker is ideal for people with a hearing impairment or for those who don't want to wake their partner in the morning.

It can be used as a stand-alone alarm clock and shaker or it can be connected to a phone. Once connected to a phone it provides a loud ringer, flashing strobe light and vibrating shaker, making it easier to hear and see that you have an incoming call or an alarm alert. It also has an oversized display for easy reading.
