

Molisis Supermarket

○ Nuku'alofa, Tonga

August 2012

Working in conjunction with Transnet we carried out the installation and commissioning of this 10kWp grid connect solar system on the roof of Molisis Supermarket in downtown Nuku'alofa.

As can be seen on the photo above, the owner of Molisis - the Honourable Dr Feleti Sevele (ex Prime Minister of Tonga) – was delighted with the system.
